REMARKS

1. This paper is responsive to the office action of May 9, 2006.

2. Claims 1-17 are pending in the application.

3. Claims 1-17 have been allowed.

4. The drawings were objected to because the handwritten references are hard to understand. The drawings have been replaced with a set of formal drawings. Minor errors in the drawings have been corrected. No new matter has been added.

5. The specification was objected to because paragraphs 0031-0034 and paragraphs 0036, 0038, and 0040 include wrong reference numbers or no reference numbers to the corresponding drawings these paragraphs refer to. Paragraphs 0031-0034, 0036, 0038 and 0040 of the specification have been amended to correct these errors.

6. Since all claims have been allowed, the drawings have been replaced, and the specification has been amended to correct errors, this application is considered to be in condition for allowance and such action is earnestly solicited.
